Stunning Inline Four-Cylinder Engine

This is power. And built to drive hard through the gears taking you from carving city blocks to clipping backroad apexes in a twist of throttle.

Piercing LED Lighting

Dual LED projector headlight emits a penetrating, hard-edged stare and lead the uncompromising front-end styling. All other lighting is sharp-edged LED.

Precise Handling Agility

Confidence in the brakes comes from Radial-mount Brembo Stylema® four-piston calipers gripping floating discs, offering scalpel-sharp cornering. The steel twin-spar frame balances the rigidity to deal with power with the suppleness required for a smooth ride.

Suspension Upgrade

The Öhlins® TTX36 Pro-Link rear shock automatically adjusts for spring preload; compression and rebound damping are fully adjustable.

Riding Modes with Honda Selectable Torque Control (HSTC)

Choose between Standard, Sport or Rain or go fully custom in User mode between 3-level Engine Power/Engine Brake and 4-level HSTC and Wheelie Control.

Premium Full Colour 5-Inch TFT Screen

Intuitive to use – with backlit switchgear – and loaded with smartphone connectivity; just download the Honda Roadsync App for on-screen navigation and all other features.
