

Honda BigBike

— EXCITES THE WORLD —

50th ANNIVERSARY

GOLDWING

SINCE 1975

Celebrating 50 Years of Flight

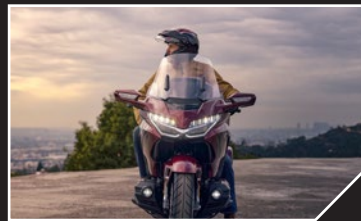

Airbag Equipped

The Gold Wing Tour pioneered the concept of the motorcycle Airbag within a motorcycle more than 15 years ago. Available exclusively on Gold Wing Tour DCT, the inclusion of the airbag ensures rider safety.

Wireless Apple Car Play™ & Android Auto™

7-inch full-colour TFT display provides information as well as riding mode management, suspension adjustment and navigation. In addition, a new home bar is located at the top of Apple Car Play™ and Android Auto™. New wireless WiFi connectivity for Apple Car Play™ & Android Auto™ is also included.

Electronically Adjustable Windscreen

The smoothly-adjusting windscreen provides excellent wind protection. The height and angle can be adjusted by simply pushing the button up or down on the left handlebar; it also memorizes your favorite positions and will auto-adjust accordingly.

Tyre Pressure Monitoring System

The Gold Wing Tour now comes equipped with the Tyre Pressure Monitoring System (TPMS) to ensure you can be aware of any changes in tyre pressure wherever you are. Available on the Gold Wing Tour, the TPMS readout can be found on the 7-inch full-colour TFT display.

Comfortable Pillion Riding Position

A more relaxed, 23° angle for the pillion back support – and luxurious suede/synthetic material for both front and rear seats – ensure long-haul comfort for pillion and rider alike.

Large Storage Capacity

For true day-to-day convenience, the rear top box has 61L in capacity, which means it stores two large full-face helmets with ease. There's a further 60L between both panniers. The luggage opens with a button or via Smart Key, and hydraulic dampers smooth the action.

BORDEAUX RED METALLIC

ETERNAL GOLD

COLOUR VARIANT

The destination for riders Honda BigWing

Meet the various models of Honda BigBike And the world-class experience that can be yours at **Honda BigWing**, "The destination for riders."

All specifications are provisional and subject to change without notice.

- Please note that the figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors.
- These models come with a 2 year or 20,000km manufacturing warranty (whichever comes first).
